PROFESSIONAL SUMMARY

Computer Science and Engineering graduate (2026) with hands-on project experience in React.js, JavaScript, HTML, CSS, and Firebase. Experienced in developing responsive web interfaces, reusable components, authentication workflows, and application data management features.

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, SQL
Frontend Technologies: HTML5, CSS3, React.js
Backend and Database: Firebase Authentication, Firebase Realtime Database, Relational Database Concepts
Tools: Git, GitHub
Core Concepts: CRUD Operations, Object-Oriented Programming, Responsive Web Design
Soft Skills: Communication, Collaboration, Problem Solving

PROJECTS

Job Application Tracker
React.js, JavaScript, HTML, CSS, Firebase

- Developed a responsive web application to manage job applications, including company details, job roles, and application statuses.
- Built reusable React components for authentication, application forms, job cards, filtering, and status management.
- Integrated Firebase Authentication for user registration and login, and Firebase Realtime Database for persistent, user-specific application data.
- Implemented application filtering and data management features to organize multiple job applications.
- Deployed the application using GitHub Pages and used Git and GitHub for version control.

Project: Live Application
GitHub: GitHub Profile

Attendance Monitoring System
SQL, Relational Database Concepts

- Designed relational database tables to organize attendance-related information.
- Implemented Create, Read, Update, and Delete (CRUD) operations using SQL.
- Connected application logic with the database to support attendance data management.
- Tested application functionality and resolved issues during development.

EDUCATION

Bachelor of Technology in Computer Science and Engineering
Kalasalingam University — September 2022 – May 2026
CGPA: 7.55

Intermediate – State Board of Intermediate Education
Narayana Junior College — June 2020 – April 2022
CGPA: 8.12

Secondary School Certificate (SSC)
State Board of Secondary Education — June 2019 – April 2020
CGPA: 9.9

CERTIFICATIONS

- Oracle – Generative AI: View Certificate
- Codechef – Database Management System: View Certificate
- Codechef – Design and Analysis of Algorithms: View Certificate

LEADERSHIP AND ACTIVITIES

- Collaborated with team members during technical hackathons to develop software solutions.
- Coordinated a college coding competition, supporting planning and team collaboration.
